

Ryerson, George Sterling

July 1915

July 6th, 1915

Dr. G. Sterling Ryerson,  
60 College Street,  
Toronto.

My dear Dr. Ryerson:

I suppose that I shall be away from Toronto when you arrive. I am therefore dropping you this note. I shall be glad to recommend that Mr. Gabriel Hantoneaux be given an honorary degree if he comes to Toronto, and I will speak to one or two members of the Senate about the matter. However, it need not be arranged until the beginning of September. I hope that you have had a comfortable voyage home. I realise that your home coming must be extremely sad, and I have intended writing you again to express my sympathy, which I do now. I am sure that Mrs. Falconer joins me in this.

Yours sincerely,

President.
